**Compare and Contrast:
Uprisings in Hungary and in Czechoslovakia**

Form 5 students were presented with the following assignment:

Compare and contrast the two uprisings in Hungary and Czechoslovakia which took place in 1956 and in 1968 respectively.

Present your answer in point form, in such a way that they would serve as a structure for an essay on the topic indicated above.

Martin presented the following points:

Hungary 1956	Czechoslovakia 1968
(a) causes of uprisings	
(b) dates of uprisings	
(c) main events	
(d) consequences: what did the Soviets do?	
(e) casualties	
(f) reactions of the Western world	

**What do you think about the answer?
Do you think Martin should have added
some other point/s?**

**The teacher gave Martin the following
feedback:**

1. Good work
2. Could the uprisings take place without leaders?

Martin added two more points:

- * mains leaders of the uprisings
- * how were the leaders treated by the Soviets.

Something for you to do:

**Compare and contrast the Sette Giugno uprisings
of 1919 and the uprisings of April 1958.**

**As in the case above, present your answer in point
form.**
